

Randlay Primary School and Nursery

Accessibility Plan 2024/2025

1 ACCESSIBILITY PLAN OVERVIEW

This plan should be read in conjunction with the **Accessibility Policy** and **School Development Plan** and outlines the proposals of the governing board of **Randlay Primary School and Nursery** to increase access to education for pupils with disabilities in the three areas required by the planning duties in the Equality Act 2010.

Any key definitions

Person with a disability - defined by section 6 of the Equality Act 2010 as if he or she has "a physical or mental impairment and the impairment has a substantial and long-term adverse effect on his or her ability to carry out normal day-to-day activities".

Overarching principles

At Randlay Primary School and Nursery we are fully committed to being as inclusive as possible, so that every child can reach their full potential.

Accessibility plans should cover the three core areas (physical environment, curriculum and information) and anything else that is relevant, depending on the issues and circumstances for each school.

We also aspire to our school being as accessible as possible to all our parents/carers, staff and volunteers, whatever their needs and circumstances.

We believe that everybody stands to gain where schools are inclusive, diverse and responsive to the needs of their local communities.

This plan aims to:

- Increase the extent to which pupils with disabilities can participate in the school curriculum.
- Improve the environment of the school to increase the extent to which pupils with disabilities can take advantage of education, benefits, facilities and associated services provided.
- Improve the availability of accessible information, which is readily available to other pupils, to pupils with disabilities.

The above aims will be delivered within a reasonable timeframe, and in ways which are determined after taking into account the pupil's disabilities and the views of the parents/carers and pupil. In the preparation of an accessibility strategy, the LA must have regard to the need to allocate adequate resources in the implementation of the strategy.

The governing body also recognises its responsibilities towards employees with disabilities and will:

- Monitor recruitment procedures to ensure that persons with disabilities are provided with equal opportunities.
- Provide appropriate support and provision for employees with disabilities to ensure that they can carry out their work effectively without barriers.
- Undertake reasonable adjustments to enable staff to access the workplace.

The plan will be resourced, implemented, reviewed and revised regularly in consultation with:

- The parents/carers of pupils
- The head teacher and other relevant members of staff
- Governors
- External partners

This plan is reviewed annually to take into account the changing needs of the schools and its pupils, and where the school has undergone a refurbishment.
